Dear Hiring Manager,

I am writing to express my strong interest in the Front End Developer position at [Company Name], as advertised on [job board/website]. With my solid experience in front-end web development and my passion for creating user-friendly interfaces, I believe I would be a valuable asset to your team.

Having worked as a Soccer Coach at Jacksonville High School and a Volunteer at the Association of Computer Machinery (ACM) UALR, I have gained valuable experience collaborating with diverse teams and delivering high-quality results. I am confident that my skills in HTML, CSS, JavaScript, JQuery, and React, combined with my understanding of web development principles, make me well-suited for this role.

During my time as a Capstone participant at UALR, I had the opportunity to contribute to the creation of a new website for the Arkansas Boathouse Club. This experience allowed me to refine my skills in HTML, CSS, and JavaScript, as well as gain exposure to WordPress and other technologies. I am excited to bring this knowledge and expertise to [Company Name] and contribute to the development of innovative and efficient user interfaces.

In addition to my technical skills, I am a proactive problem-solver with a strong attention to detail. I am eager to continue expanding my knowledge and staying up-to-date with the latest industry trends and technologies. I am confident that my strong work ethic, dedication, and continuous learning mindset will enable me to thrive in this role.
